Digital Equity for All Ages: A Regional Perspective

OBJECTIVES

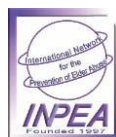

This side event will provide context, priorities and direction around issues of digital equity for all ages. Among the topics to be considered:

1. The relevance of digital technology for everyday life
2. Digital divide: Old vs. young, also intersectionalities (income/education/migration, race)
3. Best practices to overcome the digital divide
4. The Covid Pandemic: Increasing use in digital technology or increase of the digital divide
5. Designing for older adults
6. The development of smart elderly care and its ecosystem
7. Outlook: What international organizations can do

Speakers will reflect on the successes, best practices, lessons, and progress that has been or needs to be made to achieve digital equity for all ages in all regions.

SPEAKERS

IAGG Regional Representatives: J. HOFFMAN (Africa); E. CHUANG (Asia/Oceania);
R. CUADROS (COMLAT); C. TESCH-ROEMER (Europe); N. CHARNES (North America).
